

Complaints Handling Procedure

Background and Aim

CVS is committed to consistently delivering excellent service to its clients and part of this commitment is to ensure that we address all complaints professionally, using a clearly defined process, which is explained below.

This document outlines the complaints handling procedure operated by CVS and the redress mechanism approved by the RICS Regulatory Board if a complaint cannot be resolved by CVS directly. All complaints received by CVS will be treated in accordance with these guidelines for fairness and to ensure that all complaints are resolved at the earliest possible stage.

The Process

1. If a complaint is made against CVS, then it will be passed to the relevant Department Head, who will become the complaint handler for the duration of your case. Andy Myers, Operations Director at CVS, has been appointed to oversee our complaints process, therefore if you have any concerns in relation to how your case is being handled or would like to make a complaint, please do not hesitate to contact him.
